

TR6035105B4CW

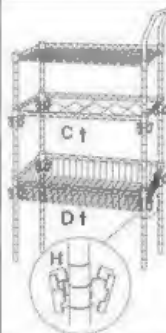

4-Layers Kitchen Cart

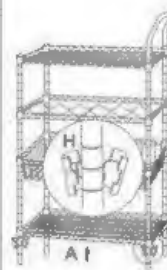

1. First connect the Lower-post (G) into the Upper-post (F) and the Upper-handle (E) by screw connectors which is already assembled on upper-posts.

2. Put a piece of Wire Shelf (A) the correct way up, make the post with upper-handle inserted into the shelf corner from the bottom to the top, then hold the wire shelf up and snap the Plastic Clips (H) onto the post grooves under the wire shelf as the photo, press down the wire shelf to make it tighten.

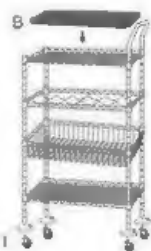

3. Repeat the second step to finish the installation of Wire Shelf (C). Then repeat the second step to finish the installation of Wire Basket (D)

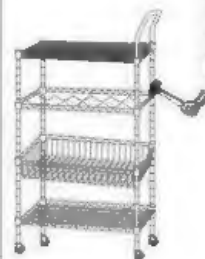

4. Following the second step to finish the installation of the 2nd Wire Shelf (A) at the bottom.

A	B	C	D	
Wire Shelf	Rubber Wood Board	Wire Shelf	Wire Basket	
				
2	1	1	1	
E	F	G	H	I
Upper-Handle	Upper-Post	Lower-Post	Plastic Clips	2" PP Casters
				
1	4	4	32	4

5. Finally, screw 2" PP Casters (I) into the bottom of the posts, and put the Rubber Wood Board (B) onto the top Wire Shelf (A) as the photo.

6. Pushing firmly down on every shelf at corners by rubber mallet to secure the shelf in a place over the Plastic Clips (H).
